

Strategy	Details
Go first	<ul style="list-style-type: none"> - Being the first player to move doubles your chances of winning.
Strategically place your mark	<ul style="list-style-type: none"> - If you're going first, your move should be in the corners or the center of the board. Avoid making a first move on the other edge squares.
Watch what the other player does	<ul style="list-style-type: none"> - If Player 1 takes the center square, Player 2 should take a corner. - If Player 1 takes a corner square, Player 1 should take the center.
Block your opponent	<ul style="list-style-type: none"> - If your opponent has the option of getting three in a row, always block them, even if it means sacrificing a chance to set yourself up.
Accept the possibility of a cat's game	<ul style="list-style-type: none"> - If both players are planning their moves strategically, most games will result in draws.
